

Global Intellectual Strategies®

Global Intellectual Strategies® recipient in 2010 Ontario Business Achievement Awards

Ottawa, Ontario – September 24, 2010 – GIS is proud to have been chosen one of 12 provincial winners of the Ontario Business Achievement Awards (OBAA) and the Ontario Global Traders Awards (OGTA) by the Ontario Chamber of Commerce.

“These outstanding award winners exemplify business excellence through innovation, export diversity, entrepreneurial spirit and an understanding that the best investment is in their people.” says Len Crispino, President & CEO of the Ontario Chamber of Commerce. “This is the award winners’ opportunity to step into the spotlight to celebrate success, not only for themselves but, for Ontario.”

The award, presented at a Gala Event held in Toronto, September 20, 2010, is intended to recognize excellence in the application of technology in the development of new products or services, and/or improvements to existing products or services that have led to consistent growth in exports and job creation. Break-through achievements in research and development, technology, infrastructure as well as product and service development and design are the focus of this award.

GIS received the 2010 HSBC Ontario Global Traders Award for Innovation Exports – Bronze.

“We are pleased to have received such a prestigious award and thankful to the Ontario Chamber of Commerce and HSBC for the recognition.” says Pierrette Breton, President & CEO of GIS. “The award provides increased visibility as we continue to explore new markets and expand our exports. We stay committed to our customers, at home and abroad, and we are proud to marry the disciplines of patent agents and technical expertise to provide our services.”

For nomination and eligibility criteria, visit the Ontario Chamber of Commerce website at <http://occ.on.ca>.

About GIS

Global Intellectual Strategies (GIS) is an Ottawa-based Intellectual Property consulting company that assists technology companies and licensing professionals with patent portfolio management, strategic planning and implementation to maximize the value of their Intellectual Property. GIS specializes in providing patent and technical analyses in support of both licensing and litigation and custom analyses for specific patent requirements. GIS clients include some of the world’s largest semiconductor and telecommunications companies and the law firms that represent their Intellectual Property interests.
